Anti-Mullerian Hormone test (AMH)	£110
Semen Analysis	£125
Viral Screening tests (per person) (includes HIV, Hep B & Hep C)	£175
Prolactin	£60
CMV	£60
Blood Group	£60
Chromosomal Analysis	£300
Cystic Fibrosis Screen (CF)	£250
Sperm DNA Fragmentation (Comet) test (plus £100 courier fee)	£550
Sperm Aneuploidy Screen	£450

Treatments

PLEASE NOTE: EmbryoScope© Time lapse technology, IVFWitness© technology, blastocyst culture (when suitable) and EmbryoGlue© is used in all cycles as standard practice and will not be charged as an 'add-on' to your treatment. Please speak to our scientific team if you wish to discuss any of these technologies in more detail.

IVF £3820

(includes as required: all monitoring scans, injection instruction, egg collection, sperm preparation and insemination, electronic witnessing technology, embryo culture to blastocyst in EmbryoScope (incl memory stick of embryo images if wished), embryo transfer with the use of EmbryoGlue, pregnancy scan and scan prints, or first follow-up consultation).

Intra-cytoplasmic Sperm Injection (ICSI) procedure (additional to IVF if required) £1100

Document Code: ADMIN-FORM-36	Version No: 2	Document Title: Fee Schedule	
Date of issue: 04.06.2019	Date of review: 04.06.2020	Owner: S Mitchell	Author: S. Mitchell

Mild IVF with ICSI*

(includes as required all monitoring scans, injection instruction, egg collection with ICSI as required, sperm preparation and insemination, electronic witnessing technology, embryo culture to blastocyst in EmbryoScope© (incl memory stick of embryo images if wished), embryo transfer with the use of EmbryoGlue©, pregnancy scan and scan prints, or first follow-up consultation). **£3820**

Frozen Embryo Transfer (FET)

£1095

(includes as required monitoring scans, embryo thaw and culture (to blastocyst stage if indicated), electronic witnessing technology, embryo culture to blastocyst in EmbryoScope© (where appropriate) (incl memory stick of embryo images if wished), embryo transfer with the use of EmbryoGlue©, pregnancy scan and scan prints, or first follow-up consultation)

Fertility Preservation: Egg Collection, Freezing and Storage

£3175

(includes as required monitoring scans, injection instruction, egg collection with sedation, electronic witnessing technology, egg freezing and egg storage for up to 3 years)

Treatment using frozen/thawed eggs

£2800

(includes as required all monitoring scans, injection instruction, egg thaw, sperm preparation and ICSI, electronic witnessing technology, embryo culture to blastocyst in EmbryoScope© (incl memory stick of embryo images if wished), embryo transfer using EmbryoGlue©, pregnancy scan and scan prints, or first follow-up consultation)

Intra-uterine Insemination (IUI)

£800

(includes as required all monitoring scans, injection instruction, sperm preparation, insemination, use of electronic witnessing, pregnancy scan and scan prints)

Ovulation Induction (includes initial consultation and up to three scans for first cycle)

£485

Memory stick of time lapse images

£20

PLEASE NOTE that, unless otherwise indicated, the fees for treatment listed above do not include the cost of medication, storage of eggs/sperm/embryos, or fees payable to the Human Fertilisation and Embryology Authority (HFEA).

Medication

Medication for Ovulation Induction

£15 – £180

Medication for IUI (if required)

£120 - £190

Medication for IVF or ICSI

£500 - £1600

Medication for Mild IVF or Mild ICSI

£400 - £1000

Medication for FET (if required)

£120 - £250

Freezing and Storage

Embryo Freezing and Storage for 3 years***

£675

Sperm Freezing and Storage for 3 years*** (per 3 samples)

£800

3 yearly storage charge for sperm, eggs or embryos*** (applicable after first 3 yrs.)

£540

*** A refund of £180 will be made for any complete years of prepaid storage not required

Human Fertilisation and Embryology Authority (HFEA) Fees

Egg Collection, Egg/Embryo Recipient and FET (per treatment)

£80

IUI using donated sperm (per cycle)

£37.50

Donor Treatments

PLEASE NOTE: EmbryoScope© Time lapse technology, IVFWitness© technology, blastocyst culture (when suitable) and EmbryoGlue© is used in all donor cycles as standard practice and will not be charged as an 'add-on' to your treatment. Please speak to our scientific team if you wish to discuss any of these technologies in more detail.

PLEASE NOTE: unless otherwise indicated, the fees for donor treatment do not include the cost of medication, storage of sperm/embryos or fees payable to the Human Fertilisation and Embryology Authority (HFEA).

IVF using donated eggs** £5975**

(includes as required donor matching, donor medication & injection instruction, monitoring scans, sperm preparation, fertilisation of eggs, use of electronic witnessing technology, embryo culture to blastocyst in EmbryoScope© (incl memory stick of embryo images if wished), embryo transfer using EmbryoGlue©, pregnancy scan and scan prints, or first follow-up consultation)

Recipient medication not included.

ICSI Procedure (additional to IVF if required) £1100

IVF for Egg Sharer £700

(includes as required, medication, injection instruction, monitoring scans, sperm preparation and insemination, embryo culture to blastocyst in EmbryoScope©, use of electronic witnessing technology, embryo transfer using EmbryoGlue©, pregnancy scan and scan prints, or first follow-up consultation)

ICSI Procedure for Egg Sharer (additional to IVF if required) £1100

Treatment with Donated Embryos (Frozen Embryo Transfer) £2440

(includes, as required, donor matching, injection instruction, monitoring scans, embryo thaw and embryo culture to blastocyst (where appropriate) in EmbryoScope©, use of electronic witnessing technology, embryo transfer using EmbryoGlue©, pregnancy scan and scan prints, or first follow-up consultation).
Please note price is per embryo.

Donor Sperm £500 - £800

**** For known donors, recipients are responsible for the costs of donor consultations and screening

Male Factor Procedures

Andrology investigations £450

(includes two semen analyses, FSH, LH, Testosterone, Oestradiol & Prolactin)

Surgical Sperm Retrieval (including general anaesthetic) £2300

Freezing of Surgically Retrieved Sperm £695

(includes storage for 3 years***)

*** A refund of £180 will be made for any complete years of prepaid storage not required

Additional Charges

Anaesthetic Fees

Ultrasound-guided egg collection under sedation in our procedure rooms is provided within the treatment fee at the Hewitt Fertility Centres

Sedation for embryo transfer (only if required) £250

Use of Theatre (only if required) £600

Ultrasound Scan (if not associated with a treatment package) £175

Document Code: ADMIN-FORM-36	Version No: 2	Document Title: Fee Schedule	
Date of issue: 04.06.2019	Date of review: 04.06.2020	Owner: S Mitchell	Author: S. Mitchell

3D Reconstruction Scan	£250
HyCoSy	£500
Counselling	
First two visits (associated with a treatment package)	No charge
Any subsequent visits	£25
Interpreter Services (per hour)	£35
Laser Assisted Hatching**	£380
Endometrial Scratch**	£200
Use of IMSI (Intracytoplasmic Morphologically-selected Sperm Injection)** (per cycle)	£300
Assisted Oocyte Activation (AOA)**	£195
Sperm Washing/Use of Isolation Laboratory facilities (per treatment)	£750
PCR Testing with Sperm Freeze and Store	£1400
Acupuncture at the Hewitt Fertility Centres (treatment packages also available on request)	
First appointment	£50
Follow-up appointment	£40
Pre and Post Embryo Transfer	£100
Immuno Profiling**	
Medication up to £150.00 - scan £175.00 Implantation Investigations Biopsy will be sent to Paris, The laboratory in Paris will charge for testing €500 -1st test - €500- 2nd test- charges will also be made for subsequent testing.	
Courier fee per sample sent	£100
Endome Trio	
ERA endometrial receptivity	£695
EMMA (microbiome) + ALICE (endometritis)	£495
ALICE (endometritis)	£295
EndomeTrio (all 3 tests) <i>including organisational fee of £100</i>	£995
Administration Fees	
Transfer of eggs, sperm or embryos within the UK (plus courier charge where applicable)	£110
Overseas export/import of eggs, sperm or embryos (plus courier charge)	£315

Document Code: ADMIN-FORM-36	Version No: 2	Document Title: Fee Schedule	
Date of issue: 04.06.2019	Date of review: 04.06.2020	Owner: S Mitchell	Author: S. Mitchell

** Please discuss the clinical evidence to support these techniques with a member of our clinical or scientific team before your treatment

Refunds

If IVF treatment is cancelled before egg collection (plus HFEA fees)	£3020
If ICSI treatment is cancelled before egg collection (plus HFEA fees)	£4120
If no eggs are collected at egg collection (plus HFEA fees)	£1320
If eggs do not fertilise	£400
If an FET cycle is cancelled because embryos do not survive thaw	£535
If an IUI cycle is cancelled before insemination	£340

Payment Options

We are pleased to offer debit and credit card facilities and payments can be made by telephone. There is no supplementary charge for debit card payments. We also accept Bank Transfer payments bank details can be found on the bottom of your invoice.

Payments must be made in full before treatment commences.
